

## **CRADLEY PARISH COUNCIL**

Cradley Parish Council met for its monthly meeting on Tuesday 8<sup>th</sup> September at Cradley Village Hall. Here are some of the issues that were discussed:

### **Neighbourhood Development Plan**

By now you should all have received the Reporter with the NDP questionnaire included and due in by 22<sup>nd</sup> September – please let Councillor Ken Nason know (01886 880 952) if you have not received a Reporter. Councillor Tanya Lloyd Jones reported to Council that there is someone who could be engaged to write the draft Plan, and your Council will investigate this matter before a final decision.

### **Recreation Areas**

The new football pitch at the Chapel Lane Recreation Ground will sadly not be ready for use until the spring of next year – this is disappointing to us all, but the surface must be protected of course until established properly.

### **Editorial Team**

Councillor Anne Carver proposed that we should all thank Councillor Ken Nason and his team for the tremendous amount of work in putting the Parish Council Reporter together and arranging its distribution – he graciously accepted the thanks! We could always do with extra help with distribution though (normally only 2 or 3 times a year at most) – please contact Ken if you could do a little patch of our villages (880 952).

### **Next Scheduled Meeting**

As with the European Parliament (but with none of the attendant cost!), Cradley Parish Council meetings change venue from time to time, and our venue from October to March will be Storridge Village Hall. The next meeting will be there on 13<sup>th</sup> October 2015 at 7.30 p.m. with the Planning Committee beforehand at 7 p.m.
