

surface of the paths immediately and then reinstate the PROWs when the work is completed.

- 4.04 Pound Bridge – The repair work to the bank of the stream down Brookside by Balfour Beatty has had to be delayed because of the discovery of English crayfish and watervoles, both protected and endangered species. The handrail has been repaired but work has now ceased until the end of the breeding season.

#### **5.00 TPO Data Base**

- 5.01 A new map is needed. **JU** has passed information to GF who will send it on the **JW**. With the aim of having it available by the next meeting.

#### **6.00 Wildlife Data Base**

- 6.01 Flora and Fauna - Data Base to be produced. This needs information from local people but also from local organisations – suggestions being the Herefordshire and Worcestershire Wildlife Trusts, Malvern Hills AONB, Earth Heritage Trust and Natural England etc.
- 6.02 Copies of 'Phase 1 Habitat Surveys' can be sought which may give detailed reports on areas of interest in our parish.
- 6.03 **PA** will co-ordinate this with Diane Merker. **PA** intended to divide the parish into several sub-sections to enable easier logging of data. Maps would be created.

#### **7.00 Community Allotments**

- 7.01 This was one of the aims from the revised Parish Plan but the original proposed site was considered not suitable by some parishioners and the project set aside. Is there any interest still? Is there a suitable site available? It was agreed to await the outcome of pending planning applications some of which include allotment proposals.

#### **Next Meeting**

**Tuesday 27<sup>th</sup> September 2016** at Cradley Village Hall Heritage Room,  
at 6:30 pm.
